- Website exposure

Free Throw Sponsorship \$1500

- Website exposure

Established in 1993, KW Lightning Girls Basketball is one of the largest girls only basketball programs in North America. It strives to create an atmosphere of learning, development and teamwork and establishes skills that are transferable from the court to life. KW Lightning fields competitive rep travel teams for girls at all age levels, has created a skill development program for girls in grade 3 and under, and co-sponsors a non-competitive house league program. Many KW Lightning players go on to play basketball at elite and professional levels.
